

# COVID-19 Business Grants

We recognise that you may be confused about whether a grant is available for your business and, if so, which one is the right one for you. Use the Business Sheffield Grants Flowchart below to get you started.

\*Use the [sheffield.gov.uk/lowfixedcostsgrant](http://sheffield.gov.uk/lowfixedcostsgrant) if you have property costs of less than £1,500. Use the [sheffield.gov.uk/nofixedcostsgrant](http://sheffield.gov.uk/nofixedcostsgrant) if you have business costs but no property costs.

The **Business Sheffield Grants Flowchart** is intended only as a guide and not every business is eligible for a grant.

There are several factors that will affect the eligibility of your business and the amount of grant you may receive.

Once you know which grant may apply to your business, you must read the eligibility criteria carefully before you access the application form. This is available via each individual grant weblink.

### **Don't delay!**

Many of the schemes close on 31st March 2021. So check your eligibility and apply now.

### **Worried it will be complicated?**

It's just one application per business- you do not need to apply for different schemes. We have tried to streamline the grant application process as much as possible so it's one application- any "top ups" (if eligible and part of the specific grant scheme) are applied automatically by Sheffield City Council.

**The Business Sheffield team are here to help**

Still not sure what applies to you or have other questions?

Local businesses that need further help can contact Business Sheffield to speak to an advisor.

Call us on: ☎ **0114 224 5000** (10am – 4pm)
